Halogen Studio Lamp
single ended

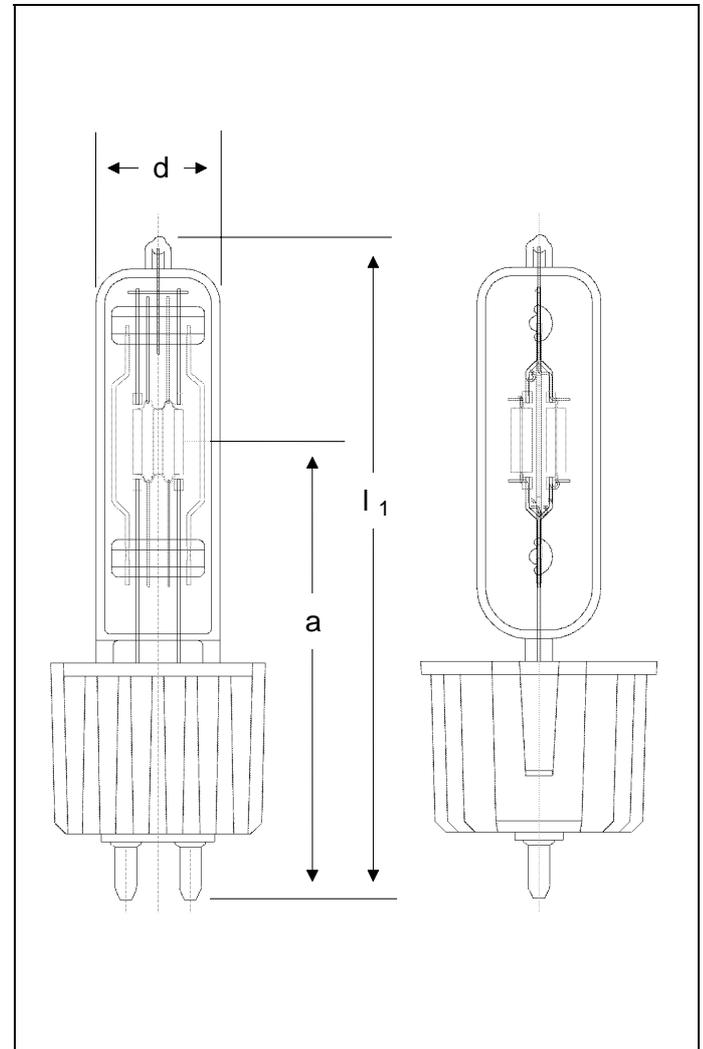

93728 LL HPL

■ Product Description

The OSRAM HPL 575W LL is the new **LONGLIFE** version (1500h) of the Halogen **High Performance Lamp** (HPL), which is manufactured under the licence of ENTERTEC Inc., L.A./USA. The particular arrangement of the filaments is designed for optimum performance in luminaries of the "Source Four" family from ETC.

■ Technical Data

Lamp / order reference	93728 LL HPL	
ANSI	HPL 575 LL	
Rated wattage	W	575
Operating voltage	V	230
Rated current	A	2,5
Luminous flux	lm	11.780
Luminous efficacy	lm/W	21
Colour temperature	K	3.050
Bulb diameter d	mm	19
Length l_1	mm	104
LCL a	mm	60,3
Luminous area b x h	mm	14,5 x 11
Average service life	h	1500
Filament type	6C-8	
Base	G 9,5 special (with heat sink)	

■ Lamp operation

Maximum base temperature allowed	°C	350
Cooling	convection	
Fusing	6,3 A	
Operating position	any
